To,

The Joint Secretary (Affiliation)
CBSE Board,
New Delhi.

Subject: Technical fault in SARAS Portal.

Reference: Regarding Affiliation Inspection of School with **Registration Number SS-00120-2324**

Respected Sir/Madam,

We the inspection committee members for school affiliation, meticulously inspected the above-mentioned school with Registration Number SS-00120-2324, as per the inspection bye-laws.

We filled the inspection report with utmost care and wherever we did not agree, we presented our remarks carefully.

But unfortunately, in the infrastructure section we found the remarks given by us are not visible after submitting the report. The infrastructure sizes were more than as per the CBSE norms. The details are as follows:

Description	As per CBSE Norms	Data Uploaded on SARAS by School	Remarks by IC
Library	112 sqm	120 sqm	170 sqm as verified by IC
Computer Lab	54 sqm	60 sqm	170 sqm as verified by IC
Composite Science Lab	54 sqm	60 sqm	55 sqm as verified by IC
Chemistry Lab	54 sqm	60 sqm	55 sqm as verified by IC
Physics Lab	54 sqm	60 sqm	55 sqm as verified by IC
Biology Lab	54 sqm	60 sqm	55 sqm as verified by IC
Mathematics Lab	48 sqm	60 sqm	51 sqm as verified by IC

After submission of the report we found the remarks column was blank which is not possible since the software does not allow to move until and unless the remark column is filled in-case when the data does shows "**Verified and found Incorrect".**

We request that the missing remarks should not affect the affiliation status of the school which we feel is more of a technical fault.

Thank You very much for giving us opportunity to inspect the above-mentioned school and our remarks submitted in the final report are true and honest observations.

Inspection Committee Member-1
Mr. Pankaj Kumar Jain
